MAKE ART. BUY ART. MEET NEW FRIENDS.

Lindy Hirst Altered Books

Turn old books into delightful new creations with fresh color, collage elements, and interactive features like windows, pickets, and niches. The possibilities are endless when you use the tools and skills you already possess to fashion found objects into wonderful expressions of your own artistic vision!

We will supply all basic materials. You are encouraged to add to your project your favorite photos, maps, postcards, found objects, fabric, Milagros, beads, feathers, and whatever else you think may fit into your new piece of art. One can never have too much stuff to choose from!

This is really a fun no pressure project for the beginning and advanced Artist alike. We're sure this won't be your last piece of Altered Art!

Cost: \$35
